

# Retromanija

E-shop project assignment for the course [Managing Sophisticated Projects in Academia and Industry \(USPI\)](#)

**Autori:** Uroš Poznan 1036/2019  
Kristina Gavrilović 1015/2018

**Mentori:** Prof dr. Veljko Milutinović  
Aleksandar Veljković

# Introduction

- Nowadays online sales have become a normal and usual thing
- E-shops – Online stores are being developed in almost every branch of the trade
- Less and less people have an aversion to this type of trade

## Problem statement

- Collector shops are becoming less widespread
- High prices for maintenance of these stores
- Required things for the shoppers are often not available in stores like this

# Existing solutions

- Sometimes outdated items are sold through social networks – Instagram and Facebook
- Problem: False representations of sellers
- The frauds are not so rare
- Collection are stores - often expensive

## Solution: Retromanija

- Unique E-shop for selling these kind of items

Retro and VIntage lovers will enjoy it

- Selling of used retro articles for affordable prices
- Reliable way to shop online
